

WELL-BEING ASSESSMENT TEMPLATE

Project Description (key aims):

Section 1) Complete the table below to assess how well you have applied the 5 ways of working.

 Integration	<p>1. <i>How does your project / activity deliver economic, social, environmental & cultural outcomes together?</i></p> <p>Considering how the public body's well-being objectives may impact upon each of the well-being goals, on their other objectives, or on the objectives of other public bodies.</p> <p>The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising the importance of good efficient and sustainable transport connections within both the Borough and wider geographical area. An efficient highway network is fundamental to the one or more of the well-being objectives of all blue light authorities.</p>
 Long-term	<p>2. <i>How does your project / activity balance short-term need with the long-term and planning for the future?</i></p> <p>The Importance of balancing short-term needs with the need to safeguard the ability to meet long term needs.</p>
 Prevention	<p>3. <i>How does your project / activity put resources into preventing problems occurring or getting worse?</i></p> <p>How acting to prevent problems occurring or getting worse may help public bodies meet their objectives.</p> <p>The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising the importance of good efficient and sustainable transport connections within both the Borough and wider geographical area. The Highway Asset Management Plan is founded on the principles of maintaining highways in a sustainable way for future generations.</p>
 Collaboration	<p>4. <i>How does your project / activity involve working together with partners (internal and external) to deliver well-being objectives?</i></p> <p>Acting in collaboration with any other person (or different parts of the body itself) that could help the body to meet its well-being objectives.</p> <p>The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising the importance of the Highway Asset Management Plan which has been developed in</p>

	conjunction with all 22 local Authorities in Wales under the guidance of the county Surveyor Society (Wales).	
 Involvement	<p>5. <i>How does your project / activity involve stakeholders with an interest in achieving the well-being goals? How do those stakeholders reflect the diversity of the area?</i></p> <p>The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising the importance of the Highway Asset Management Plan which TCBC has consulted its Ward members as a means of disseminating the principles of its maintenance policy.</p>	
Section 2) Assess how well your project / activity will result in multiple benefits for our communities and contribute to the national well-being goals (use Appendix 1 to help you).		
Description of the Well-being goals	How will your project / activity deliver benefits to our communities under the national well-being goals?	Is there anyway to maximise the benefits or minimise any negative impacts to our communities (and the contribution to the national well-being goals)?
A prosperous Wales An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.	The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising the importance of good efficient and sustainable transport connections within both the Borough and wider geographical area. The Highway Asset Management Plan is founded on the principles of maintaining highways in a sustainable way for future generations.
A resilient Wales A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change).	The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising that good husbandry of the highway network, whilst delivering its core objectives, biodiversity can be achieved through sensitive and innovative highway maintenance practices.
A healthier Wales A society in which people's physical and mental well-being is maximised and in which choices and	A society in which people's physical and mental well-being is maximised and in which choices and behaviours that benefit future health are	The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway

behaviours that benefit future health are understood.	understood.	network are recognising that sustainable methods of planning the management of the highway will reduce congestion, reducing vehicle pollution, and driver stress.	
A more equal Wales A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).	A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).	The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising that sustainable methods of planning the management of the highway will limit the possibility of social exclusion.	
A Wales of cohesive communities Attractive, viable, safe and well-connected communities.	Attractive, viable, safe and well-connected communities.	The Committee in scrutinising and offering recommendations and comments on the way TCBC allocate funding to maintain the highway network are recognising that sustainable methods of planning the management of the highway engender efficient and effective transport links.	
A Wales of vibrant culture and thriving Welsh language A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.	A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation.	This is not applicable to the subject the Scrutiny Committee are considering.	
A globally responsible Wales A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.	A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.	The additional requirements of the assessing the 5 ways of working are outlined below.	
Section 3) Will your project / activity affect people or groups of people with protected characteristics? Explain what will be done to maximise any positive impacts or minimise any negative impacts.			
Protected characteristics	Will your project / activity have any positive impacts on those with a protected characteristic?	Will your project / activity have any negative impacts on those with a protected characteristic?	Is there anyway to maximise any positive impacts or minimise any negative impacts?
Age			

Disability			
Gender reassignment			
Marriage or civil partnership			
Pregnancy or maternity			
Race			
Religion or Belief			
Sex			
Welsh language
